

MC26 Time-lapse Camera

6MP All-Weather Camera for Entry-Level Progress Monitoring

MC26x-101 AC-Powered Camera Kit

Time-lapse, Safety and Security Made Easy

The MC26 AC-powered time-lapse camera is designed for short-cycle and smaller footprint projects that have power infrastructure available. With a 60° field of view, the MC26 is perfect for monitoring progress, safety and security while producing professional grade time-lapse video allowing you to showcase your skill and craftsmanship. Live-stream video from your jobsite and share real-time project images with stakeholders for improved communication and collaboration.

The MC26 site solution is powered by Sensera's SiteCloud® platform which provides easy-to-use software for viewing, monitoring, and sharing real-time site data, detecting actionable insights, and simplifying work-flow. SiteCloud is tightly integrated with Sensera's complete line of jobsite cameras, SitePOV™ mobile app, and SiteCloud-AERIAL™ drone photography services to provide comprehensive automated site monitoring from a simple web interface. SiteCloud service includes WiFi and 4G LTE connectivity making it a true end-to-end solution. Integrations with Autodesk® BIM 360, Procore®, and PlanGrid simplify and automate workflow across the enterprise.

Features & Benefits

- Complete End-to-end Solution
- Light-weight, Small Footprint
- Integrated Modem for Cellular or WiFi Connectivity
- Easy to Move or Reposition
- All-weather Outdoor/Indoor Housing
- Automated Health Monitoring

Access Your Camera 24/7

- Minimize Travel and Time from Site to Site
- Monitor Project Progress and As-built Status
- Improve Collaboration with Stakeholders
- Market Your Projects and Promote Your Business
- Mitigate Risk and Enforce Safety Processes
- Reduce Liability and Lower Insurance Costs

MC26 Time-lapse Camera
